Organización Latinoamericana de Energía
Latin American Energy Organization
Organisation Latino-américaine d'Énergie
Organização Latino-Americana de Energia

MISSION: To contribute to the integration, sustainable development and energy security in the region, advising and promoting cooperation and coordination among its Member Countries.

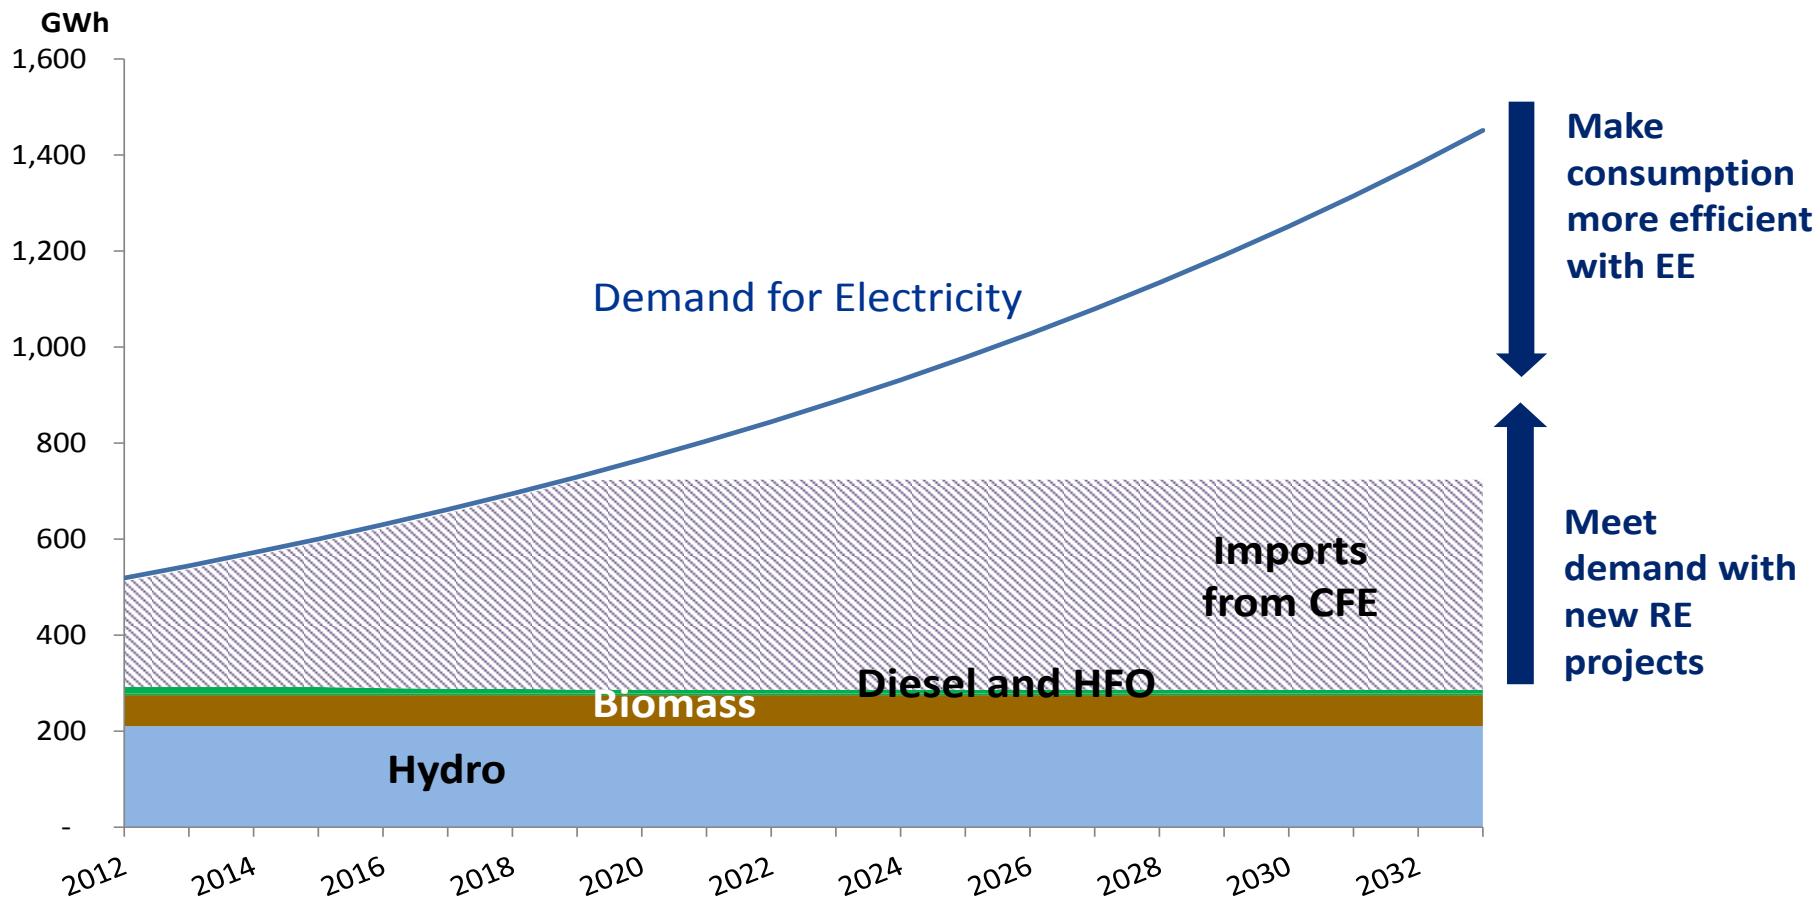

VISION: OLADE is the political and technical-support organization by means of which its Member States undertake common efforts to achieve regional and sub-regional energy integration.

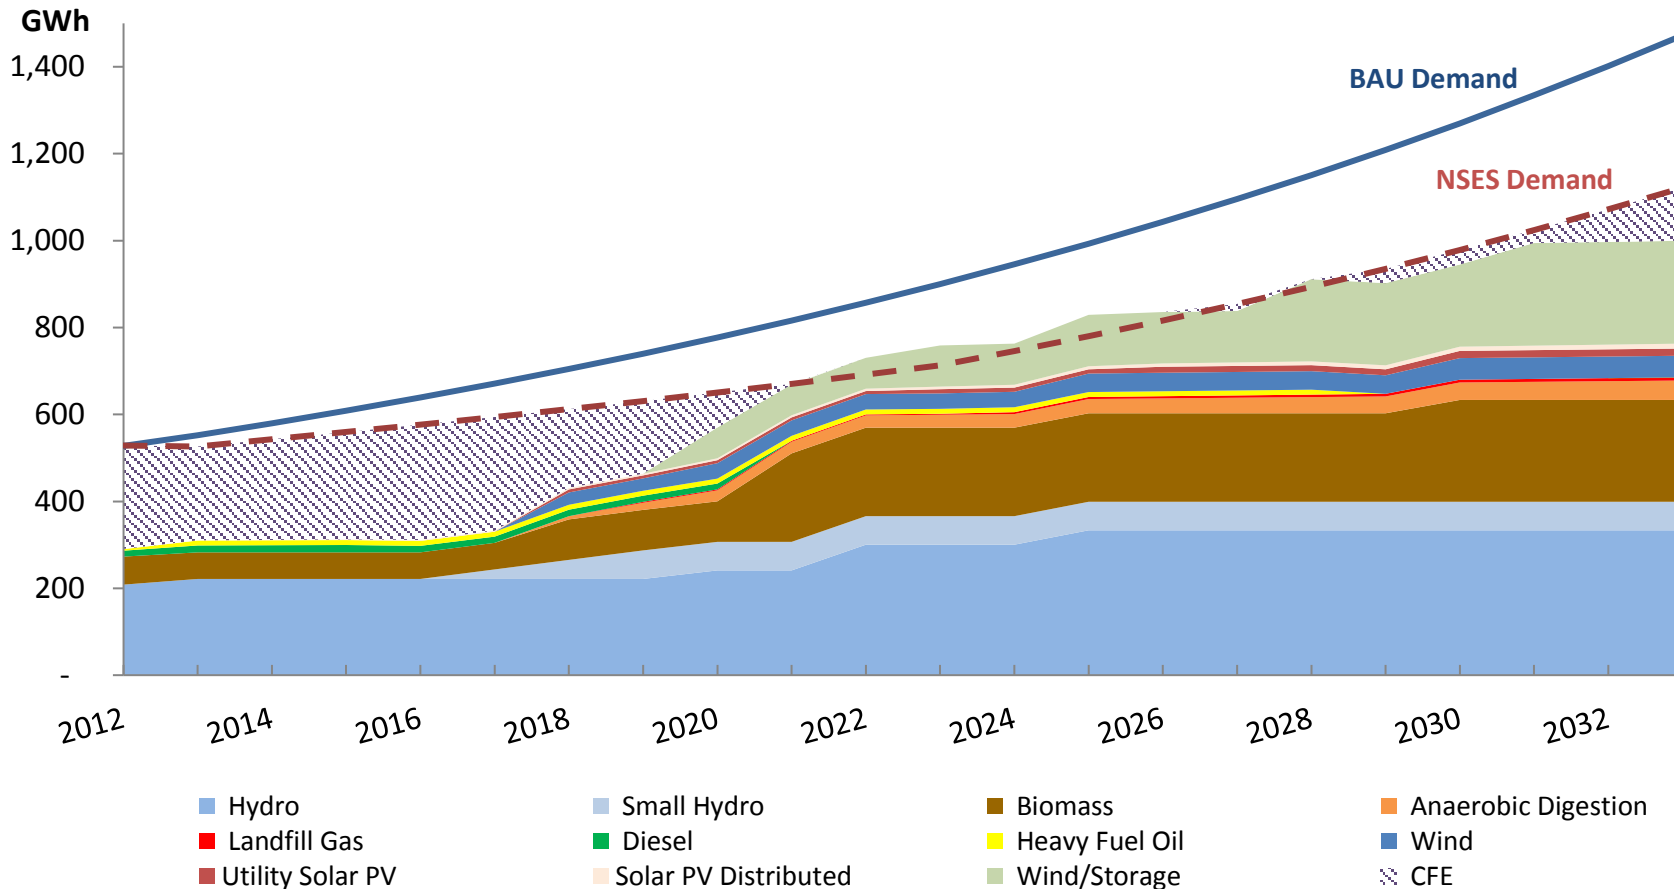

Gross Electricity Generation by Primary Fuel

Electricity Demand through to 2033 in BAU Scenario

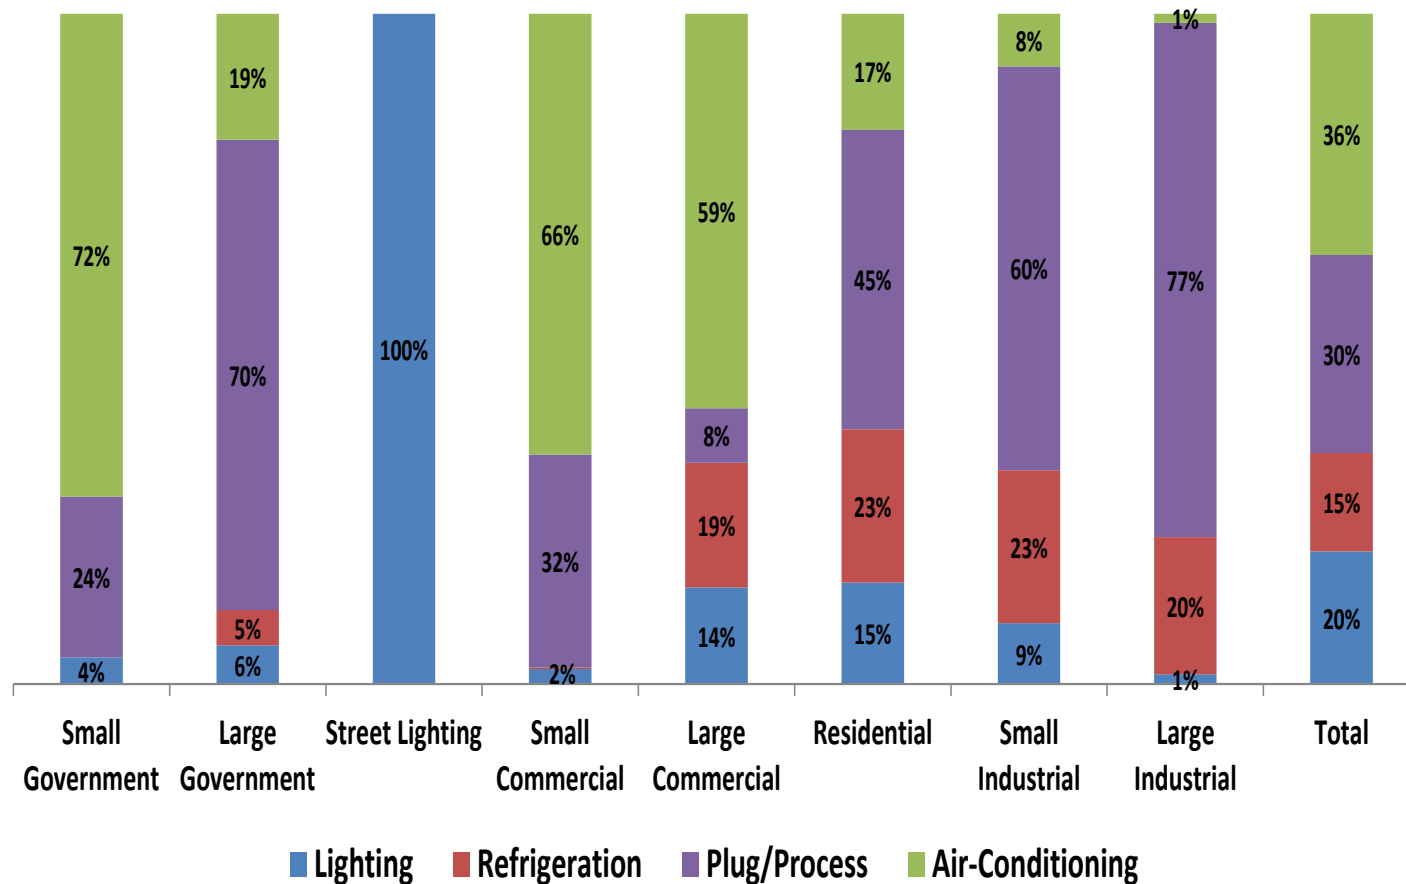

Electricity Demand through to 2033 in NSES Scenario

Belize Current Energy Efficiency Activities

- There are no energy efficiency laws in Belize
- Where to start Energy Efficiency?

Belize Current Energy Efficiency Activities

- Belize is working with SICA under “Grupo Técnico de Normativas y Etiquetado”
- Belize is working with CARICOM to develop and harmonize energy efficiency standards between the Caribbean and Central America
- Belize is working with OLADE under “LATIN AMERICA AND THE CARIBBEAN ENERGY EFFICIENCY PROGRAM – PALCEE”

Barriers to Adoption of Energy Efficiency in Belize

- No Economies of scale
- No Energy Efficiency Laws
- Lack of Public Knowledge of available financing

Solutions

- Development Finance Corporation is conducting Public Awareness Programme about the availability of financing
- The Government along with the state owned utility are developing an Integrated Utility Business Model based on Vienergize in the US Virgin Islands and Fort Collins Utilities in Colorado, USA.
